

ADMI Data Privacy Policy

Collection of Information

We collect parts inventory data including quantity on hand, aging, status, sourcing, bin location and sales history to aid Dealers and associated companies to improve the performance of their Parts Sales and Return Processes.

The information you provide us access to is used to fulfill associated company's (Dealerships) specific requests, unless you give us permission to use it in another manner.

Commitment to Data Security

We maintain electronic and procedural safeguards to keep your personally identifiable information secure and to guard against unauthorized access, misuse and improper disclosure. Only authorized employees, agents and contractors (who have agreed to keep information secure and confidential) have access to this information.
